## NOTIFICATION OF CONVENTIONAL TOWER CRANES REGULATIONS 2010

### Guidance on complying with the Regulations

The Notification of Conventional Tower Cranes Regulations 2010 (the 'Regulations') comes into force on 6 April 2010. The Regulations require certain information about conventional tower cranes used on construction sites to be notified to the Health and Safety Executive (HSE).

This leaflet sets out:

- the types of tower crane that need to be notified to HSE;
- who needs to ensure notification is made;
- when the notification needs to be made;
- what information needs to be notified; and
- how the information should be notified.
